AMAN KUMAR

Email: kumar.aman25@tcs.com | +91 7462933412 | Emp Id - 2791210

Education

Jabalpur Engineering College, Jabalpur **July 2020 – Apr 2024**
Bachelor of Technology in Electronics and Telecommunication Engineering
CGPA – 7.85 / 10

Devendra Pathak Sarvodaya Inter College, Gaya **Apr 2018 – Mar 2019**
Senior Secondary (Class XII)
Percentage – 80.6%

Technical Skills

Languages - Java
Backend – Spring MVC, Spring Boot, Servlets, JDBC, REST APIs
Frontend – HTML, CSS, JavaScript, jQuery, Bootstrap
Database – MySQL
API & Testing – Postman
Security & Quality – SonarQube, SAST/DAST remediation, CVE vulnerability remediation
Performance & SEO – Lighthouse optimization, SEO best practices
Tools – Jenkins, Subversion (SVN), Git, Maven, Eclipse IDE

Professional Experience

WebPresence (CMS/DAM Platform) – TCS iON

Role: Full Stack Developer (Backend-Focused)

- Developed and enhanced a **CMS & DAM platform** enabling users to create, edit, and manage website pages using reusable templates, supporting **draft → test → publish** workflows.
- Worked primarily on the **backend development (Java / Spring MVC)** while collaborating with frontend teams for end-to-end feature delivery.
- Reduced **SonarQube issues to zero** across frontend and backend by refactoring code and improving design quality.
- Remediated **SAST, DAST, and CVE vulnerabilities** by refactoring code, upgrading dependencies, and replacing vulnerable libraries (e.g. org.json → Google Gson)
- Improved **SEO and performance scores from ~55 to 90+** using Lighthouse, optimizing page load, render-blocking resources, and metadata handling.
- Designed and Implemented **date-based analytics** feature to display page creation statistics and integrated organization-level data mapping for reporting and visibility.

Academic Projects

Crypto CoinEx (Academic Project) **May 2023 – June 2023**

- Built a React-based UI to display cryptocurrency data using public APIs.
- Implemented reusable UI components and basic client-side features for improved usability.

Video Hub (Academic Project) **Jan 2023 – Feb 2023**

- Developed a React-based video streaming interface supporting video upload and playback.
- Focused on UI structure and basic user interaction features.

Portfolio App (Vercel) **Sep 2022 – Oct 2022**

- Created a personal portfolio website to showcase projects, skills and resume.

Achievements

- CodeChef : Maximum Rating – **3* (Max Rating: 1662)**
- LeetCode : Maximum Rating – **Solved 320+ problems (Max Rating: 1583)**
- HackerRank : Maximum Rating – **5* (Max Rating: 1692)**

Positions of Responsibility

Technical Head at Kaarwaan (NGO) **Jan 2023 – Jan 2024**

- Led technical initiatives for an NGO focused on educating underprivileged students.
- Maintained and updated the organization's website.
- Assisted students with technical learning and exam preparation.
